MARQUISE TURNER

SENIOR MOTION GRAPHICS DESIGNER

PROFILE

Creative and detail-oriented Senior Motion Graphics Designer with expertise in crafting dynamic visual narratives for film, television, digital marketing, and corporate branding. Adept at designing high-impact motion graphics, including trailers, TV spots, main title sequences, motion posters, and logo animations. Experienced in developing compelling storyboards, ensuring seamless animation sequences, and maintaining brand consistency across multimedia projects. Skilled in collaborating with creative directors, editors, and marketing teams to deliver polished, visually engaging content under tight deadlines. Passionate about optimizing animations for diverse platforms, enhancing audience engagement, and bringing static visuals to life through innovative motion design.

WORK EXPERIENCE

CME GROUP | CHICAGO, IL

06/16 –PRESENT

Senior Motion Graphic Designer

- Designed and animated high-impact motion graphics by crafting engaging iconography, infographics, and kinetic typography to elevate corporate videos, enhance audience engagement, and strengthen visual storytelling.
- Developed compelling storyboards and animation sequences by mapping out seamless transitions and dynamic visuals, ensuring cohesive narratives to align brand identity, campaign goals, and audience expectations
- Enforced brand consistency through polished motion design by applying stringent brand guidelines to all animations, delivering visually cohesive, professional content to reinforce corporate identity across digital platforms.
- Optimized animations for multi-platform distribution by adapting motion content for diverse formats, ensuring high-quality playback and maximum engagement across social media, presentations, and internal corporate communications.

STARBEAST DIGITAL | DOWNTOWN CHICAGO

07/16 - 08/16

StarBeast

- Constructed visually compelling designs across digital and print media by developing high-impact graphics, layouts, and illustrations to enhance brand messaging, improve engagement, and optimize user experience across diverse platforms.
- Designed and animated decorative elements, enhancing festival branding with visually engaging and dynamic lower thirds for clear, professional on-screen presentation.
- Created custom 2D animations for characters and backgrounds, adding creativity and depth to festival video content while maintaining brand consistency.
- Collaborated with video teams under tight deadlines, delivering high-quality motion graphics aligned with festival themes and audience engagement goals.

BLT COMMUNICATIONS LLC. | LOS ANGELES

06/15 – 06/16

Motion Graphics Designer

- Engineered cinematic motion graphics for trailers and teasers by crafting visually compelling sequences with dynamic typography and effects, heightening narrative impact and driving audience anticipation for theatrical and streaming releases.
- Sculpted immersive main title sequences by conceptualizing and animating opening credits to establish tone and visual identity, enhancing storytelling cohesion for films, television series, and digital productions.
- Elevated TV spots with high-caliber motion design by producing visually striking graphics and seamless transitions for broadcast and streaming advertisements, reinforcing brand presence while captivating diverse audiences.
- Transformed static promotional artwork into engaging motion posters by infusing life into key visuals with animation, amplifying audience engagement across social media, digital marketing, and theatrical campaigns.

EDUCATION

Bachelor of Science – Graphics Design
& Interactive Media | Bradley
University

- Orchestrated seamless logo animations for entertainment branding by developing distinctive animated logos for studios and productions, ensuring a strong visual identity that resonated across film, television, and digital platforms
- Designed dynamic show openings for television and streaming by crafting visually compelling intro sequences integrating typography, branding, and motion elements, establishing a strong identity and immersive viewer experience for various genres.
